FOREWORD

We, the editors, have made an effort to gather the happenings of this year into one volume. Here, in the 1931 Janus, you will find a record of the things you and your fellow-students have done during the past year; a record of the obstacles encountered and overcome; and a record of the growth and development of the Hazleton Senior High School.

It is our fondest hope that this volume will help to bring back pleasant memories of the days spent at H. H. S.

Mr. Earl H. Tschudy

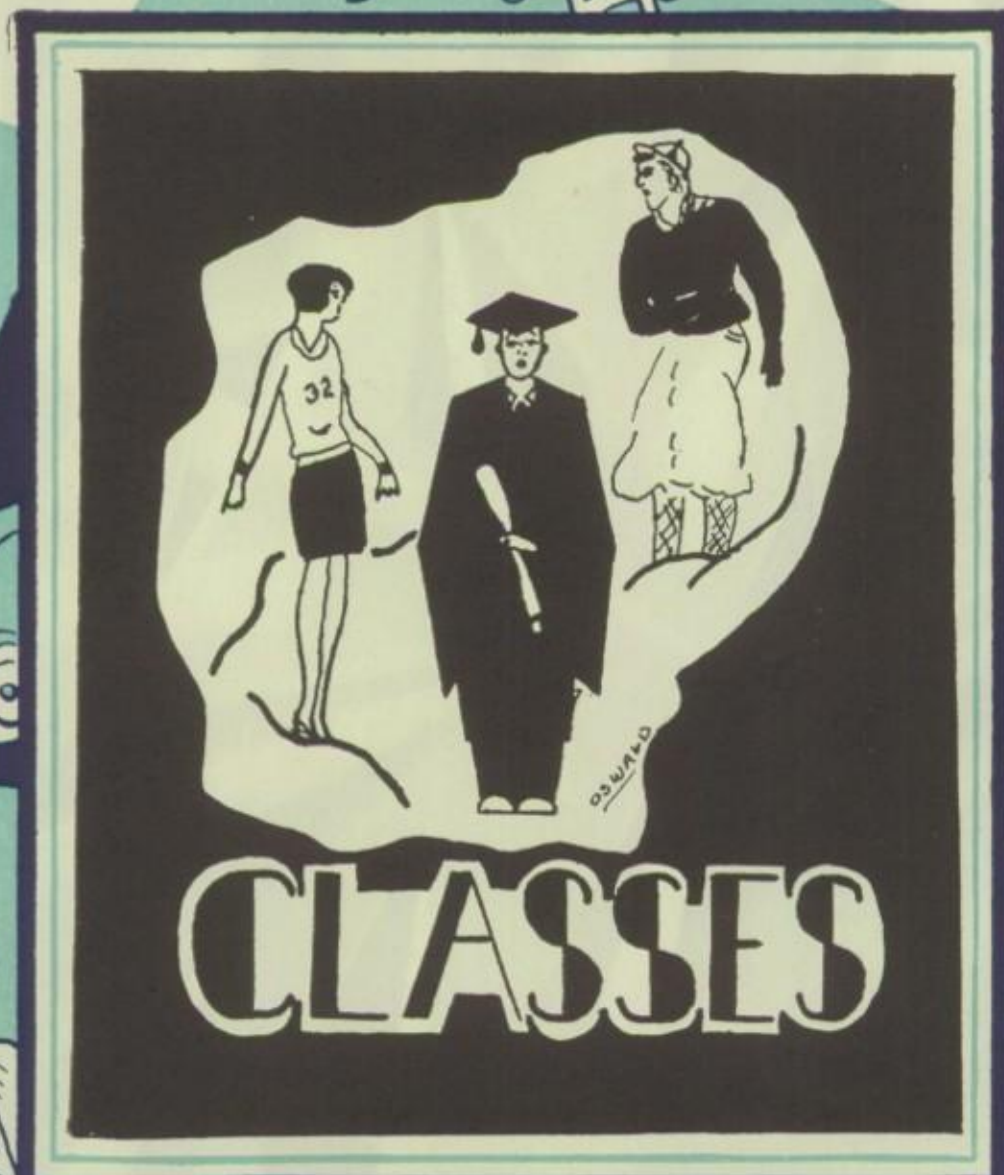

Handwritten signature or scribble at the top of the page.

A hand-drawn sketch of a long, narrow, slightly curved object, possibly a piece of wood or a bone, with a textured surface. The object is oriented diagonally from the bottom left to the top right. It has a rough, irregular outline and a series of small, dark, circular or oval markings along its length, suggesting a segmented or textured surface. The background is a light, textured surface.

Walter Glarner

*There is no flock, howe'er
watched and tended,
But one dead lamb is there!
There is no fireside, howsoe'er
defended,
But has one vacant
chair,*

Longfellow

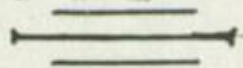

Rocco Melfi

*Then fell upon the house a
sudden gloom,
A shadow on those features
fair and thin,
And softly, from that
hushed and darkened room,
Two angles issued where
but one went in.*

Longfellow

Salvadore Lamonic

*Leaves have their time to
fall,
And flowers to wither at
the northwind's breath
And stars to set; but all
Thou hast all seasons for
thine own, O Death*

"I see you're getting ambitious, Charlotte; reading 'Who's Who and Where'," Ray was heard to say one bright morning in Study Hall.

"Oh, just another book for outside reading," replied the lady. "Miss Altmiller says the characters in this book should be wonderful examples of great achievement. Well, if it isn't too much work, I might as well surprise the teachers and have my reading up to date too. Let's go; it's only seven chapters." "You know, it's funny; but every time I start to read I get a sudden attack of sleeping sickness," said Ray.

"Some books affect me that way too," added the studious Charlotte. And "Who's Who and Where" happened to belong to the category of books that cured Charlotte of insomnia.

DREAM I

LITERATURE

"'Twas once upon a raw and gusty day that the literary geniuses and authors of 1980 alighted at McKelvey's Mermaid Tavern on the road to Mandalay. They were attired in the regulation uniforms of their art. Sidney Laub, brilliant author of the biography of Bernard Kline, distinguished jeweler, was garbed in a most exquisite pink, satin waist with sky blue knickers a la '31. His flowing tie, which he says reminds him of the good old high school days, bore a unique Boston design; that of a dainty little beaus. He received the highest compliments in regard to his literary, as well as to his sartorial style. Following him came the equally famous dramatist: Eugene Cannon whose play "The Ups and Downs of Life" scored a great hit in Robert S. Cook's Theatre. Miss Ruth Dinkelocker delighted the convention guests with her startling critical comments on literature during the past fifty years. Literature seems to be on the upward trend under the leadership of these masterminds. It may be interesting to some old timers to learn that Mr. and Mrs. Sheridan Kester were celebrating their golden wedding anniversary at the same tavern. Among their guests were Mr. Edward Drum, Mr. George Seidel, Mr. Peter Gondell, Miss Bertha Gerber, Miss Mae Grenfell and Miss Katherine Vannauker.

DREAM II

MUSIC

Since June, 1931, the Metropolitan and Chicago Opera Companies have had the pleasure of working with Miss Jeanette Doud, whose charming voice has made her known in many musical circles. Mr. John Campbell and Mr. Wesley Stirling, who have mounted the highest pinnacle of success have offered to aid the unemployment situation by rendering old favorites which have survived the test of time, such as "There's a Bit of Heaven in Your Eyes," "Let's Go," and "Bye Bye Blues." Mr. Campbell, upon special request favored the audience by singing the beautiful selections, "Sweet Adeline" and "Hail, Hail, the Gang's all Here." The special orchestra, playing for this worthy cause, under the direction of Miss Alice Lamberson with Viola Rotter at the piano, was comprised of many famous personages, among

whom we recognized: Mr. Jacob Schaller, Mr. Glenmore Drasher, Mr. Howard Kester, Mr. Salvadore Marsilio, Mr. Frank Benninger, Miss Dorothy Reese, Mr. Howard Waite and Mr. Pasquale Pacenza. Also, we must not forget Miss Eleanor Surfas, Miss Ruth Roth, and Miss Ruth Wager. This program, one of the biggest ones of the biggest social events of the year, owes its success to the fact that several decades ago, there occurred a similar catastrophe in the financial world.

DREAM III

ATHLETICS

The Old cheer "Aedivivo" which dates back to the early thirties could be heard from all parts of the stadium during the olympic games which were heard over station PEP—H. H. S. broadcasting chain with Arthur Gorin, Jr. at the "Mike."

"Hello, Everybody—well, here we are again all ready to watch your juniors bring home the laurels. Sounds like old days and looks like old days—eh, What? The first contest will be a basketball game with the line-up as follows: Walter Baker, Jr., Woodrow Gerhard, Jr. at guards. Little Otto, Jr. at center; Ken Bommer, Jr. and Robert Baker, Jr., forwards. The boys are out here warming up now—my but they look sprightly and healthy beside their fathers, who are attending the games in wheel-chairs and with crutches. After this event, the skating championship title will be decided by Miss Bert Baker, Jr. and Miss Grace Gerhard, Jr. Fathers of both young women were famous in the sports world. The football classic this afternoon was won by the Americans with Matches Matuella, Jr., scoring the winning touchdown. These surely are exciting games. . . . Mr. Franklin Esterley, the Eighth would like to thank those among this radio audience who sent flowers, sympathy cards, and loaned their airplanes on the occasion of the track meet yesterday afternoon. Without the efficiency and speed of the Broad-Hess & Tito monoplane he rode in, he probably wouldn't have come out on the 'Dot'—pardon the "Dot"—it's just an old family saying. Now, ladies and gentlemen, the hour is drawing to a close—adieu until to-morrow at the same time. Arthur Gorin, Jr. announcing.

DREAM IV

DRAMATICS

"Hallo tha-ar" came from the dressing room of the vivacious old queen of the dictionary, Mrs. Malaprop (who is probably known better as Miss Magdalene Letowt), as she addressed Captain Jack Absolute, alias Mr. Paul Lyman. Other younger members of the cast, gathered round to verify the rumors of their retiring from the stage. Old Paul came forward with a limp, his voice resounding in something like this: "Friends, Romans, Countrymen, lend me your ears—it is at this occasion that I come to announce the bethothal of a joyous pair who have worked together and with this company for the past fifty years. To you, my most intimate friends, I feel positive that I can disclose the secret that upon my first acquaintance with Mrs. Magdalene Malaprop, I was dismayed at her abuse of the English language, but during the last fifty years she has progressed remarkably." At this time, one of the juvenile members of the cast, Miss Minnie Santopuoli, Jr., also treasurer of the cranberry A. A. came forward to congratulate the aged couple upon the marriage. Then stepped forward,

Class Prophecy---Continued

with great effort, Marian Wambach and Elizabeth Matthey whose creaking bones joined in for the individuals. And so the curtain was drawn (to the cheers and jeers of the crowd) upon another era in dramatics.

(BEHIND THE CURTAIN)

Angeline Roy'ce Andreuzzi and Regina Audikimow, assisted by Miss Ruth Bommer and Miss Florence Schlauch, were wondering just what to do in order to "skip" rehearsal so that they could attend the basketball game between McAdoo and the Leader Lassies. (The Leader Lassies now captained by Catherine Crann and managed by Muriel Jones were winning game after game.) No sooner had the girls put on their hats and coats when they were stopped by the door watchman, Joseph Boney. "No luck" sighed Ang. "Better luck next time" put in Joe. And once more the four girls trotted slowly back to the stage ready to take part in the rehearsal.

DREAM V

ART

It was on a spring day in the Galeries du Louore that Michael d'Epstein was found standing enraptured before the famed portrait of the adorable creature Josephine, which it had taken him years to perfect. (Miss Josephine Chirico, famous and retired business genius, is now planning to return to America from her European trip in order that she may be in time to attend the wedding of her dearest friend, Miss Mary Neifert to Mr. Stew Guess.) Among the other admirers of the picture were: Andrea del Drum who also had just completed a sketch of it, and the American mathematician Mr. Kenneth Detman, who criticized the proportions as being geometrically accurate. Miss Minnette Goodstein, it has been rumored, has also retired from the art world as has Emmet Mariano. In another hall, the aged artist, Miss Anna Perna, was exhibiting her famous painting "Prunes." Mr. Christ Oswald, eminent photographer, was busy in the same building. Reporters announced that he was gathering snapshots for the 1980 Janus belonging to Mr. Edward Robinson of Hazleton, Pennsylvania, U. S. A. Mr. Robinson is said to be the owner of the largest collection of yearbooks in the United States of America. Some of the popular reporters who happened to be there at the time were: Isabelle Goodman, Catherine Stolz, Lillian Steiner, and Bertha Steiner; Fred Thomas, Gus Thomas, and Hugh Ward.

DREAM VI

BUSINESS

Then in the heart of the business world we find Miss Evelyn (Baker) Thomas, Jr. taking the place of her mother as president of the National Baking Association. As that part of the dream fades away a large building, the University of Hazleton, comes into view. And whom do you think make up the faculty. Don't Guess! Mr. Stanley Baker acts as principal; Earnest Scatton, now a big fellow, is the Football coach, and William Lowrie as basketball coach; their assistants are Kenneth Hughes and John Honnas. Then as swimming instructor we find none other than Mr. Robert Jones.

Class Prophecy---Continued

The "Mountaineer," now a widely read newspaper put out by the university, is under a capable staff. Miss Mary Dulcy as Editor-in-Chief has full control. Her assistant editors are Helen Yesenofski and Marian McGinty. Others working on the staff are Elizabeth Barren, Dorothy Evert, Gertrude Dyke, Kathryn Gallup, Carolyn Gantert, and Thelma Hacker. Drifting away from Hazleton into Philadelphia we see Miss Eleanor Williams and Nathan Block as managers of the great concern "Defina, Gallagher Inc." Dominic Defina, Jr. acts as its president. Louise Hunsinger, Edith Houseknecht, Alma Schabener and Martha Russell also hold positions in this same firm. Miss Ruth Shaver is also busy managing a girl's business school. Some of her most prominent students are Miss Ruth Schwartz, Jr., Miss Dana Scarcella, Jr., Miss Natalie Rohland, Jr., and Miss Thelma Pepper, Jr. All in all we see most of 1931's business pupils successfully under way.

DREAM VII MORE BUSINESS

"Optimism is the basis of success," says Mr. Winston Fegley, prominent capitalist, who always seems to be looking at life through rose-colored glasses. Mr. Fegley predicts that the present unemployment situation will be shortlived because of the work of the leading men of the country, especially Minister of Finance, Mr. Boyd Wagner, and Chairman of the Red Cross, Mr. Fred Alderson. Another interesting fact in the financial world is the increase in sales of the General Motors Corporation. All the credit was given to Mr. William Bahrt, president of the association, and his assistant, Miss Anna O'Donnell. Miss Anna Meikrantz, head of the *Buy Now* campaign, helped also in increasing these very sales. Mr. Harold Stegner's "Non-Stop" brakes are now being used on all General Motors, Viber 8 vehicles.

DREAM VIII LIFE

"All the world's a stage, but most of us are only stage hands." Some of those stage hands have turned out to be very important factors in this world. What, for instance, would we do without Miss Marian Henry, renowned "blues" singer, or Mr. Winfred Singley, famous patent medicine man whose widely-known "pills" have cured the ills of many of Miss Henry's listeners. Mr. Cornelius Bogert and Miss Mildred Edmunds have just returned from a trip to Europe where they completed their last dancing tour. They are reported as having said that it is their wish to give some else a chance on the dancing floor. Our own Mr. John Gilbert has been killing the ladies in Hollywood ever since 1931. Maybe that is why the population has so considerably decreased. Some of those very prominent ladies are Miss Mary Walbridge, Miss Kathryn Balliet, Miss Rose Bianco, Miss Clara Blakeslee, Miss Ruth Bray, and Miss Gladys Carter. Thelma Gicking is quite known to be the second Greta Garbo; Doris Drasher the second Mary Pickford. Mr. Harv Hill has finally been convinced by Professor Daniel Matz, famous retired botanist, that one can develop scurvy by continuously eating canned vegetables and fruits . . . ! X? . . . Crash! ! ! . . . BANG! "Oh! That's too much for me—Harv, convinced" cried Charlotte rubbing her eyes, while Ray, also awakening, remarked casually: "Well, I've heard of worse things, but I don't remember where."

Class History

IN THE fall of '28 the beautiful new liner "31" set sail on the Sea of Knowledge with a great class as its crew. The ambitious crowd of passengers showed its good judgment by electing Woodrow Gerhard as pilot. Mr. Webster Crittenden proved to be a very able captain. The first few weeks of the voyage were very rough owing to the inexperience of the passengers. By Sophomore Day, however, they were very much at home.

The second lap of our voyage, still with Woodrow Gerhard as our pilot, but with Mr. Earl Tschudy as the second able captain, proved to be more successful than the first one. The splendid performance of "Beneath the Surface," given on Junior Day, exemplified the attainment of the high ideals that we had set for ourselves, and displayed the exceptional and diversified talents in possession of our class. On the same evening, another success was recorded in the slowly but surely brightening history of the class of '31. The Junior reception was certainly the outstanding social event of the year.

The fall of 1930 again saw the representative black and gold banner flying triumphantly. The boat was now in command of Arthur Gorin, with Mr. Lamont as our noble inspiration and kindly supervisor. As we are nearing the port of our destination, and the mist of inexperience is drawn aside to give us a glimpse of the brilliant world about us, we begin to realize the value of the thoughtful and enlightening advice with which we have been favored.

The cheery but sensible spirit of our class penetrated the atmosphere on Senior Day. The play, "Let's Have Fun," given on this day was the personification of this wholesome spirit. The climax was most fitting, and the play pleased the critical audience of underclassmen more than had been anticipated even by the most optimistic. In the evening, the black and gold again predominated, the couples dancing to the melodious times of the orchestra as well as to those of their idealistic dreams. We hope that these dreams are of such a quality that their beauty will not be marred by their final realization.

As we arrive in port we cannot help thinking back upon the success of the trip. It is just at the time when we are thinking about the end of our cruise that we find many of our underclassmen wishing us another "Bon Voyage."

We sincerely hope that the future cruises that are to be undertaken by our underclassmen will follow the excellent example set for them by the class of 1931. Bon Voyage!

Class Will

WE, THE class of '31, one for all and all for one, do on this first day of the first month of the year bequeath to our underclassmen the following treasures:

1. To the class of '32: Our seniority, as well as our originality and personality, which have accompanied us throughout our high school career.
2. To the Sophomores: A book of Knowledge.
3. To the faculty: Our A's to hand out to somebody else.
4. To Mr. Davis: Drugstore cow boy Dietrich's lasso to haul in the strikers.
5. To Dick Richards: Ray Reteneller's razor to shave his legs.
6. To Bill Miller: Winston Fegley's inferiority complex.
7. To Alexander Monroe: Daniel Matz's manliness.
8. To Ruth Hicks: Rosemary Goesser's book of travels.
9. To Kenny Stecker, Aby Gorin's snobbishness.
10. To Jim Reinhart: Harvey Hill's popularity with women.
11. To Joe Williams: A player piano to save him from exhaustion.
12. To Bobby Fagan: Florian Maylath's "shortage."
13. To Marian Turnbach: Soup Campbell's brains.
14. To Jo Valente: Mary Walbridge's voice.
15. To Bill Foppert: Minnette Goodstein's wit.
16. To Harold Lewis: Kenny Bommer's ability to play basketball.
17. To John Gould: Harold Stegner's four-wheel brakes.
18. To Lester Benjamin: A Beta Kappa belt.
19. To Harry Schaller: Dottie Reese's garrulous nature.
20. To Dot Friedman: A new Senior president.
21. To Mary E. Dougherty: Betty McKernan's acting ability.
22. To Mr. Drumheller: A carload of red ink.
23. To Mr. Lamont: An equally brilliant class for the third period in the morning.
24. To Mr. McQuaid: Murray Epstein's "Secrets as to How to Raise Hair."
25. To Mr. Robinson: A book of already made out ads.
26. To the School Board: A lunch can with a baked bean sandwich.
27. To the Home Economics Class: A recipe telling how to make vegetable soup by adding water.
28. To Henry Rokosz: A Dahlia to take the place of the departing Rose.
29. To Mary Simmons: Grace's dancing ability.

Junior History

THE Juniors set out on a wonderful day in September to assemble at the airport to begin their new experiences on the H. H. S. Zeppelin. That was in 1929. About five hundred newcomers ascended into the main cabin and sat very quietly, fearing lest they should rock the ship and upperclassmen would make them realize their inferiority. Henry Steibing was elected to lead them. Their journey proved a successful one. Sophomore Day gradually came into view. Gay green and gold streamers were displayed in the reception room on board the ship to remind the crew that that night was the night of the Sophomore dance. The Sophomores had witnessed their first success.

The Juniors set out on a wonderful day in September to assemble at the airport to begin their second year's experience on board the H. H. S. Zeppelin. That was in 1930. Again they elected Henry Steibing to lead them.

The Annual Junior Day was celebrated on Friday, December 12, 1930. An original play, written by Michael Leine, was presented and was successful. Green and Gold streamers again floated triumphantly. The Junior reception proved to be one of the biggest and gayest ever held. The Juniors again witnessed their second successful year. The class of 1931 wishes them another year that is more successful than the last.

Sophomore History

HERE we are, folks! You are now viewing the big mob scene of our 1931 drama.

Most of us have started our career in the H. H. S. studios playing only mob parts. Although there are some of us who have taken more active and noteworthy parts by participating in basketball, football, swimming, and dramatics; others are active members of the numerous clubs. Sophomore day went off with a "bang." The Red and White reigned supreme. The Sophomore program closed a perfect day. The Sophomore reception, the biggest of year, ended another successful Sophomore day. With this as a start we hope to have a great Drama for "33."

We have chosen a tall, fair, scotch laddie, Ronald MacAlarney, to be our leader. At present, we are resting awhile on our modern crusade to higher scholastic attainment. Soon we will once more board the H. H. S. Flying Special.

Engineer Davis and Fireman Turnbach have taken the trip many times, and have star records. Each year they complete a trip with a fine group as passengers. The class of 1931 is soon to take their last trip on the Flying Special. To them we wish the best of luck in all that they may attempt.

MUSIC

Symphony Orchestra

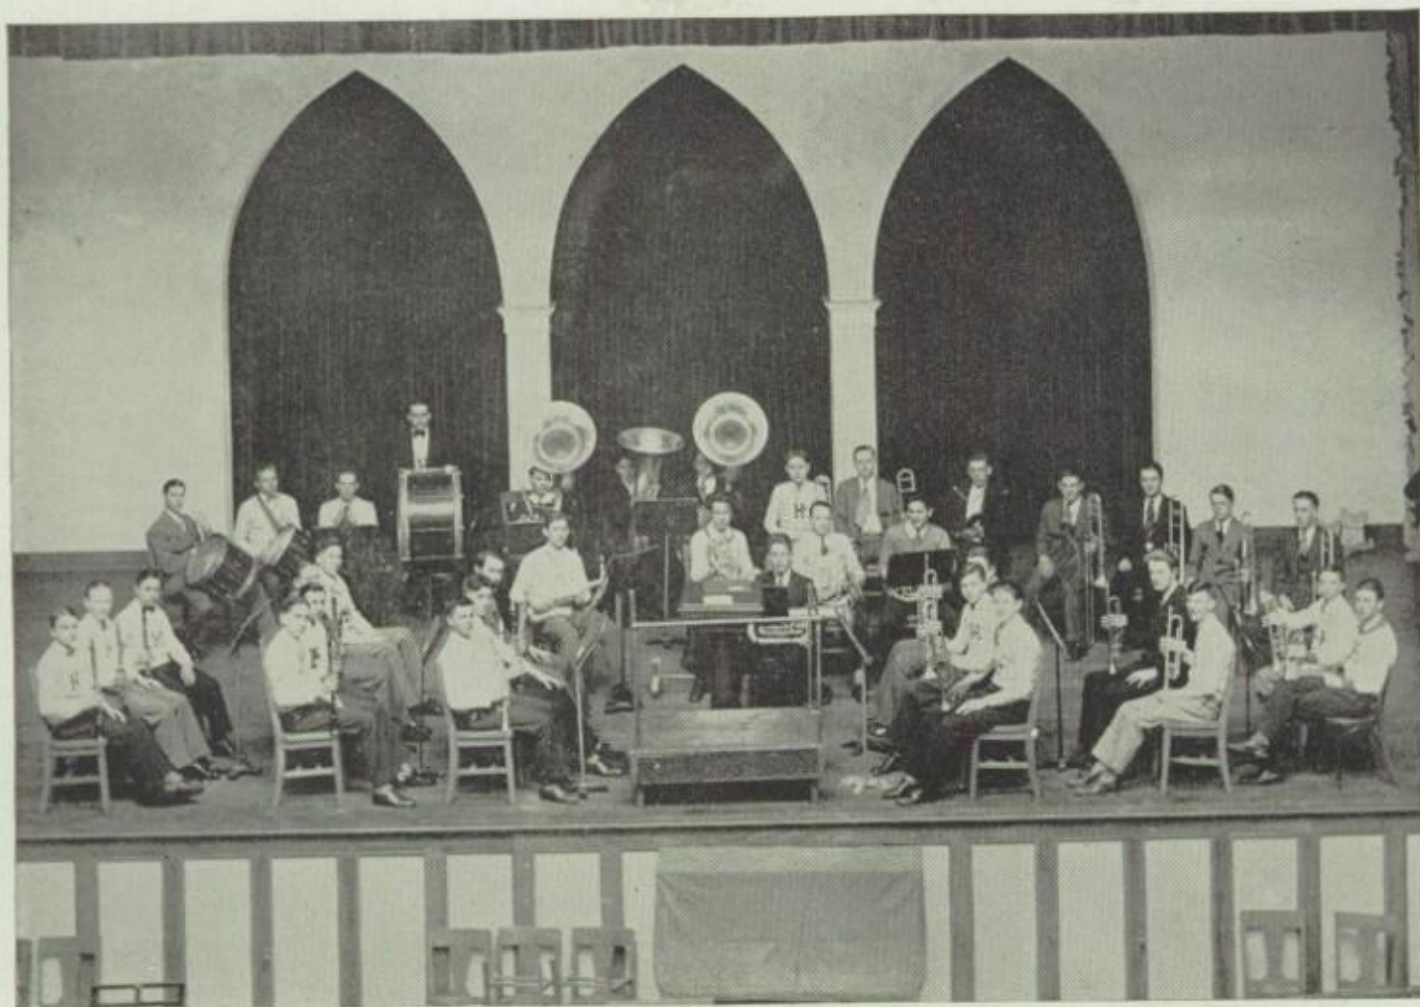

THE Hazleton High School Orchestra, organized in the fall of the year 1921, has added new honors to its list of accomplishments during the year 1931. It has appeared before the public in the leading theatres, clubs, and high school in Hazleton. It has also played over the radio.

All these accomplishments have been made possible through the mutual co-operation of the public, the orchestra itself, and Mr. Lewis.

The present officers are:

<i>President</i>	-----	Dorothy Reese
<i>Vice-President</i>	-----	Howard Kesten
<i>Secretary-Treasurer</i>	-----	William Sherman
<i>Business Manager</i>	-----	James Wilde
<i>Student Director</i>	-----	Frank Benninger

Much success in the future is the wish of all departing members of the orchestra.

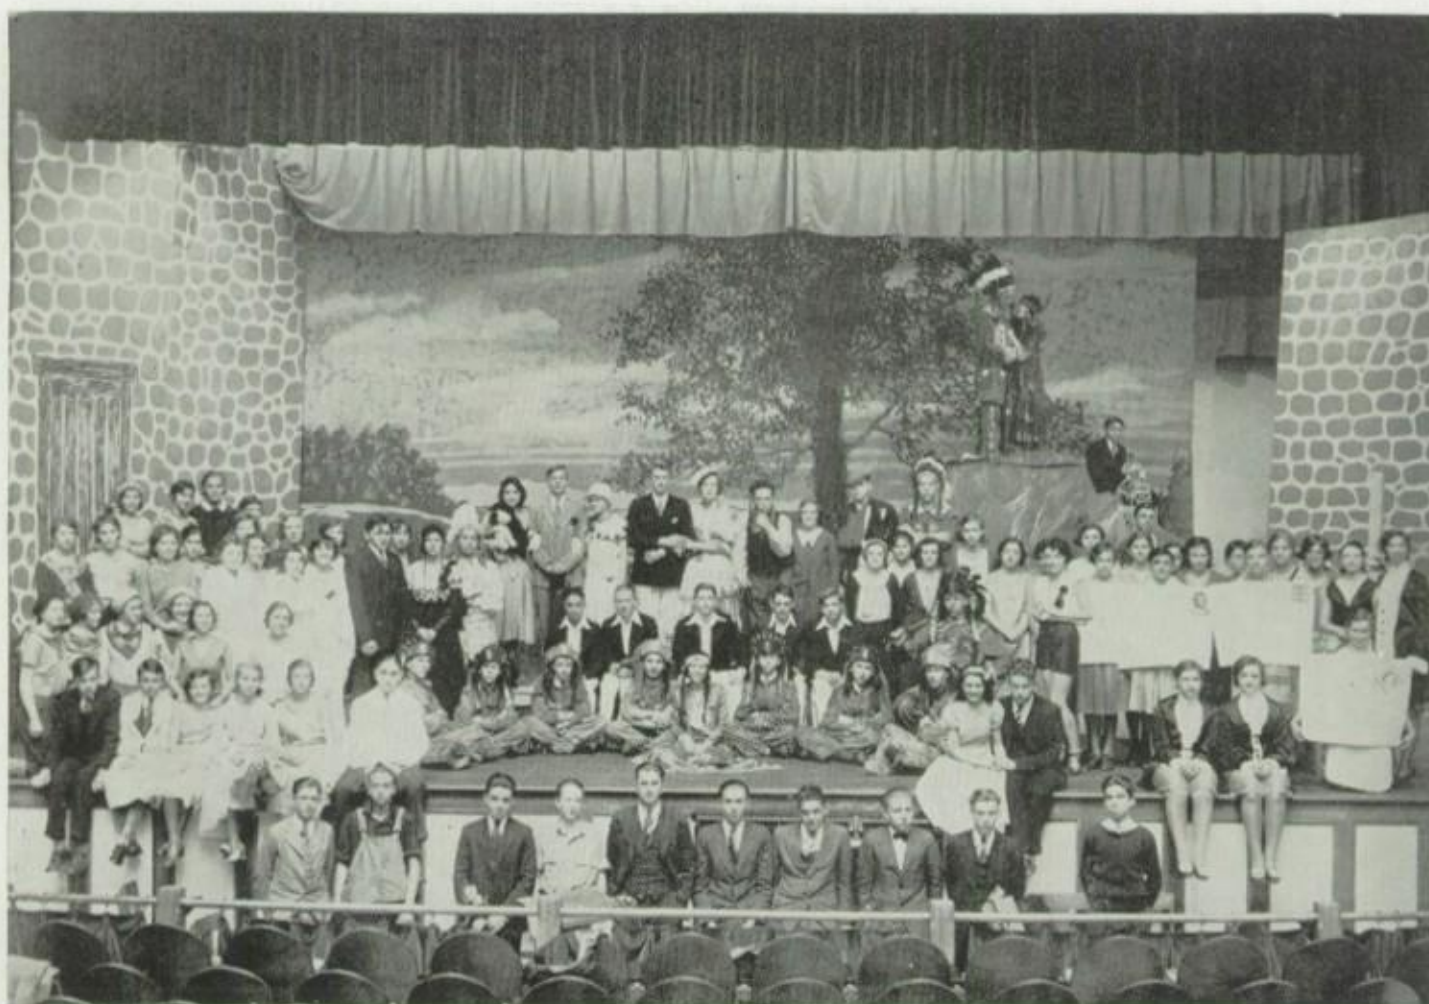

Band

THE spirit of our new song "Let's Go" must surely have influenced the H. H. S. band, for they certainly have helped to make things lively at the athletic events. It has been an inspiration to the high school athletes, as well as a source of enjoyment to the rooters. The band was organized in 1925 following much effort on the part of Mr. D. J. Lewis.

The attainments of the band have often brought very favorable comments. Mr. Lewis' proteges have shown both school and civic pride. They are ever ready to contribute to the welfare of the city.

May this organization continue as successfully as it has in the past.

Jerry of Jericho Road

JERRY of Jericho Road was presented on December 5, 1930 by the combined efforts of D. J. Lewis, Miss Brong, and Miss Schwartz.

Alan O'Day, a wealthy easterner, is in love with Sandy but is rejected on asking for her hand in marriage because Mrs. Bank favors Alan solely on account of his money. In an effort to forget Sandy, Alan goes west to his ranch, which he converts into a tourist's camp.

Lettuce Bank, not to be beaten so easily, takes her husband and Sandy and follows Alan. They camp on the land adjoining Alan's ranch which turns out to be valuable oil land owned by Geraldine Bank, a niece.

Geraldine, also known as Jerry, goes to Alan's ranch to hide her identity. Her reason for fearing arrest was due to the fact that she had run into a police station with her aunt's automobile and had immediately gone west. It is here that Jerry comes in contact with John Drayton, Alan's cousin, who has been looking for her for the purpose of buying her land.

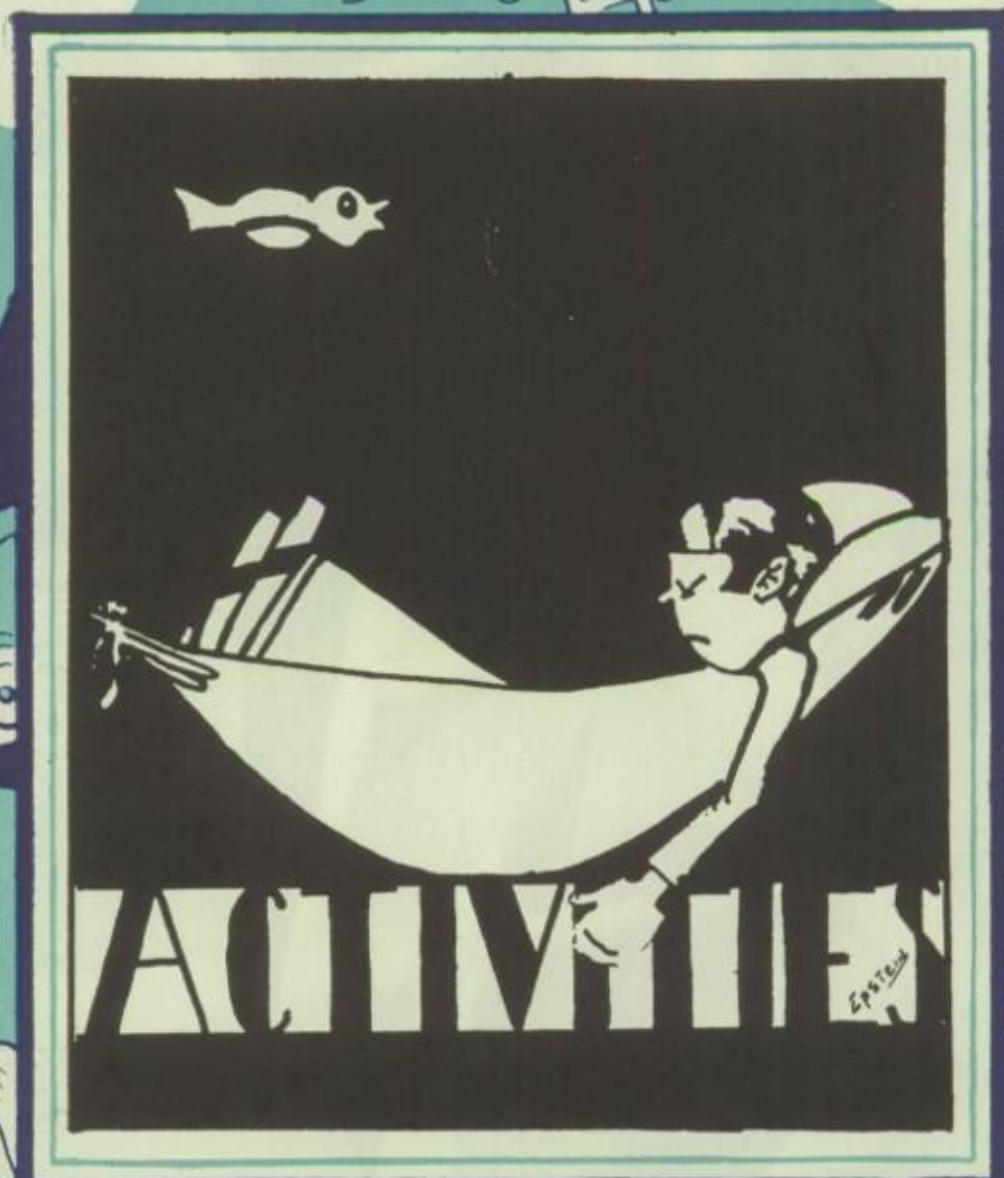

Of course John and Jerry form an attachment for each other. Alan and Sandy find each other once more, and after many exciting twists of circumstances, everything turns out all right in the end.

Latin Students Honor Vergil

“**L**ATINA IMAGO” “A Latin Dream” was written by members of the Senior Latin Class and presented in Assembly as part of the world-wide celebration of the two-thousandth anniversary of Vergil’s birth.

The play deals with two American girls who are having much trouble with their Latin and in fun wish to go back to Carthage. Their wish is granted and the play continues around the girls’ novel experiences with the ancients. The play, with its clever plot and amusing situations, helped the entire student body to realize the thorough enjoyment derived from Latin.

Four living statues of goddesses gave the play that religious atmosphere which was the guiding spirit in all ancient Roman thinking and living. The Greek and Roman costumes were designed by Charlotte Hochberg, '31 and Reginia Petrill, '31.

Those who in any way helped to make the play a success are: Isabel Goodman, Charlotte Hochberg, Martha Kotch, Sidney Laub, Betty McKernan, Bernadine Murrin, John O'Donnell, Marie O'Donnell, Reginia Petrill, Ruth Schwartz, Rocco Christino, Woodrow Gerhardt, all members of the class of '31; Mildred Dessen, Anna Fagan, Walter Geier, Chester Hill, Isadore Kline, Lucille Kense, William Miller, Michael Perna, Minette Rosenblatt, John Shennan, William Sherman, Amy Thomas, Rose Marie Tursky, Henry Tiolkowski, members of the class of '32; and Erwin Shields, class of '33. Miss Brong and Miss Wagner sponsored the play.

To each of you the departing Vergil class says with utmost sincerity “Vobis fortuna amica sit.”

Greetings to the Next Staff

When your printer is howling for copy,
And your Staff are all down with the flu,
Pop Zenier cries, "Sun or no pictures,"
And the rain simply won't take the cue.

When nobody's paid their subscriptions,
And the printer wants cash in advance,
When your contract reads "Sixteen hundred,"
And your Advisor says "there isn't a chance."

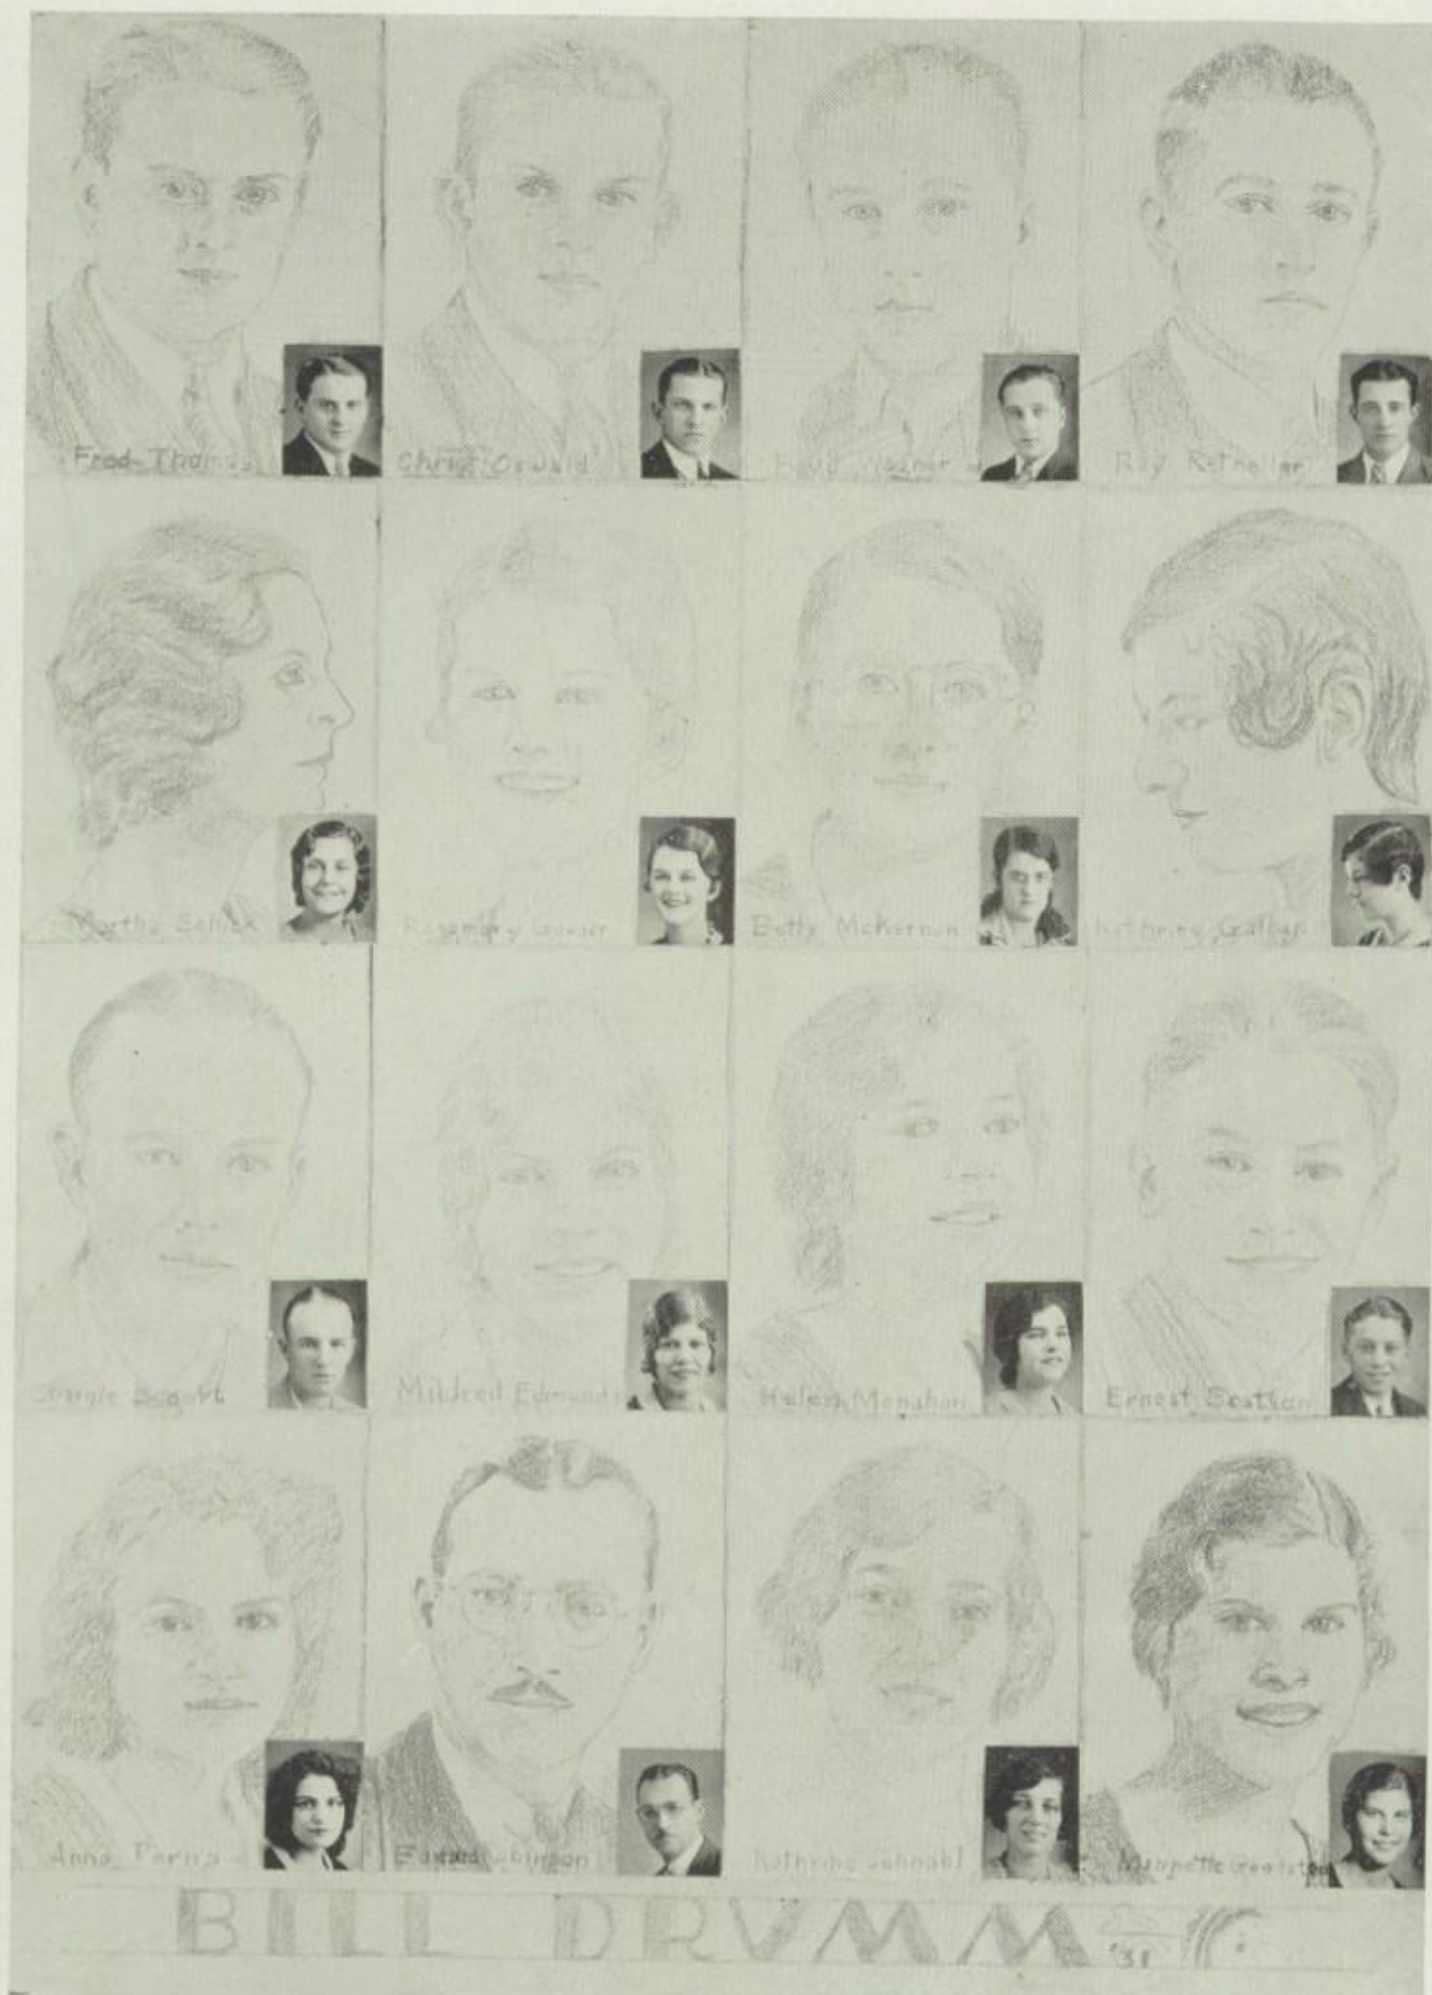

When the editors find "write-ups" a nuisance,
And decide not to write any more,—
Our advice is,—pray don't be down-hearted,
Just remember it's happened before.

So demand all your copy by December,
And all of your art work by fall,
And if you don't get them till April—
Why, be thankful you got them at all.

Suffering each defeat in silence,
Sharing victories all as one,
They will always have us with them
And we'll remember all they've done.

There they go, down the floor,
Dashing here, flashing there,
Always trying hard to score.
They're the ones who are most unmoved
When being cheered or being booed.

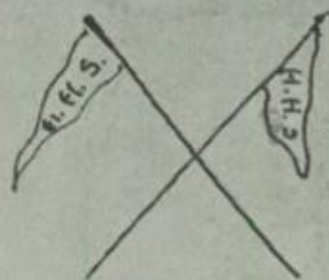

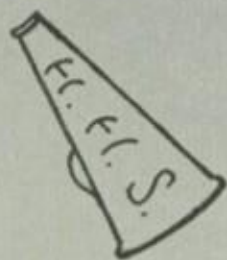

Crack goes the gun.
Another hard earned victory
Is just a memory.
The fans are in a frenzy,
They laugh and cry and shout,
While others are walking around in a daze
Trying to figure what it's all about.

But who are they who have gotten the most,
Who never lose their heads or boast,
Who fight up to the very last,
Who fight to bring the honors home?
"Who are they?" once more we ask—
Baker, Gerhard, Bommer, Lewis and Terone.

Football Facts

DESPITE the fact that Hazleton High School won but two games in their 1930 card, the season, nevertheless, was a success from every sporting angle. At the beginning, Coach McGeehan faced many difficulties, chief among which was the problem of gaining the confidence of his men. Then there was the success or failure of the new system of appointing a different captain for every game to be considered. However, these two paramount obstacles were overcome with comparative facility and the coach was assured of the whole-hearted co-operation of his charges.

Having about 60 men on the squad at the opening of the season, a team was evolved which when pitted against even superior aggregations gave a more creditable showing of general football knowledge and fight than could be expected. The majority of the squad was green. However, all were faithful and willing to learn.

Seven games were played, two won, and one tied. Captain Matuella led the team into every game. Seven touchdowns were scored all season. Terone scored 4, Marcinkus—1, Zola—1, and Baker—1.

All in all the season was very successful when the strength of our opponents is considered.

Football in H. H. S.

HAZLETON High School Football team started on what was to have been the best season in many years.

The night before the first game the students had a bonfire in honor of the team. All Hazleton was aroused and waited the first performance of Hughie's proteges with intense interest.

October 4 dawned bright and clear to see the Blue and White trim Wilkes-Barre Township High School, 19-0. The work of the four backfield men, led by Woody Gerhard, was outstanding, and it seemed that the prophecies were really to come true. Giggy Tarone was the scoring ace of the day, making all three touchdowns.

A big Sunbury team, runner-up for the championship, visited us the next week. After one of the most spirited games ever seen on the Hazleton gridiron, Hazleton came out on the tail end of a 13-7 score. Only those who saw the game can say how close it really was. A tie game was practically taken away from H. H. S. in the closing minutes of play by decision of the referee.

The next week a broken and dispirited team took the field to lose a poorly-fought game to Coughlin High School by a score of 19-0.

"Red" Prendergast brought a great team down and even though Matuella and Tarone played their best, it availed us nothing.

Football in H. H. S.—Continued

Plains visited here on the 25th of October. A fast, hard fought game ended 7-0 in favor of Plains.

The next game found Easton High at the Hazleton stadium. The Red Rovers were a strong, fast moving outfit and found the mountaineers an easy victim.

Hazleton next met Blythe Township. Giggy Tarone was out of this game with a bad leg, but that didn't stop the griders from scoring two touchdowns by playing straight football.

Thanksgiving Day dawned on a frozen, snow covered field. Just as on that day a year previous, the freezing stadium was packed with a gala crowd. For one hour in the cold the two teams battled back and forth. That highly touted Blue and Gold gave Hazleton something to worry about, but the long awaited game ended 0-0.

It was a climax to a great season, and the grim determination and undaunted courage of the Blue and White carried them in and out of the hardest kind of opposition. Certainly the captain, Albert Matuella, and his cohorts showed a great deal of this courage and determination.

In closing we have to comment upon the biggest factor in the problem of football, here. Almost everyone knows him and swears by him—Hugh McGeehan.

"THE VOICE OF THE PEOPLE"

Basketball Resume

WEEKS before the football season ended, several of the boys were practicing basketball. When the football season finally ended, Hughie had all the boys out practicing. And maybe they didn't practice! Two previous state-championship and several league contenders gave the gang a wholehearted fighting spirit.

The season was opened at Coatesville, where the new team trounced a very inferior team to the tune of 40-14. As the result of the new system, a different captain was picked to lead every game. Baker was chosen as captain for this game.

Doylestown, rechristening the Blue and White for 30-31, came and saw—but didn't conquer. The score at the end of the game was very much in our favor—44-16. Bommer captained the game.

The miners journeyed to Bethlehem January 9 and brought home the bacon. The score doesn't show how close the game really was. At one time a meagre three points separated Hazleton from defeat. But we persevered and finally won out with 31 points as against Bethlehem's 22. The one individual who didn't like the game was the radio announcer. It was too fast for him to broadcast. Gerhard was captain.

Up to this time we were tied for first place with Allentown, but our next game forced us into second place. Allentown came here and chased us all around the court for a 31-13 victory for themselves. The defeat, unexpected by everyone, was certainly a surprise to Hazleton fans. Tarone was the chosen captain for the game.

Pottstown was the next team to descend upon us; however, they were very unsuccessful in their attempt to hand out a defeat. The boys of the Blue and White looked "spiffy," to say the least, in their new white suits, and their playing didn't

Basketball Resume---Continued

bring any dishonor on the new uniforms. Pottstown fell, as an easy victim, as shown by the score.

For the first time in three weeks Hazleton again journeyed. The boys went to Easton, where one fast and furious game awaited them. Easton, on their home court, was a threat for any team in the league. Playing true to form, the Red Rovers held our boys to a five point lead when Gerhard and Tarone went out on personal fouls. We can say no more except that our players fought and fought and fought and won! Baker proved to be quite calm and steady throughout the game and so made a good captain.

Pottsville and Howells came here to play "house" with us the next week. It was an easy victory for Hazleton, playing on their home floor.

Coatesville's red and white squad opened the second half of the season, at Hazleton. Their team put up a good game, while the Blue and White team was terribly off form. Still the closing minutes of play found most of the second string boys in the line-up for Hazleton, trying to preserve a fairly nice score.

Doylestown played the host the next week and managed to keep our boys sweating. It was only in the famous second half that we forged ahead far enough to let the substitutes in again. The game was remarkable from the standpoint of the crowd, being characterized, as of old, by the splendid spirit of Doylestown High. The friendly rivalry between Hazleton and Doylestown seems to be growing, even though Doylestown has not won a game from Hazleton in several years—splendid losers!

The next game found Bethlehem on our court. Kenny Bommer had his night of nights, ringing up twenty-seven points, without which we would never have won that crucial game. Bobby Taylor played his head off for Dear Old Bethlehem, and managed to make the score somewhat presentable.

At this time Hazleton was one game behind Allentown. Everything was all set and the enthusiasm made it seem like old times. Fans flocked around the Allentown gym on the eventful night and tried to get in—without success. After a hard fought game, lost in the final minutes of play, Hazleton walked from the floor with their heads held high in defeat. The score-board said, "23-24."

Nevertheless, the games went on as before and the boys never relented. After all they had something to fight for, because Hazleton High always ended at least second in the league. Pottstown felt their fury when they were beaten 32-16.

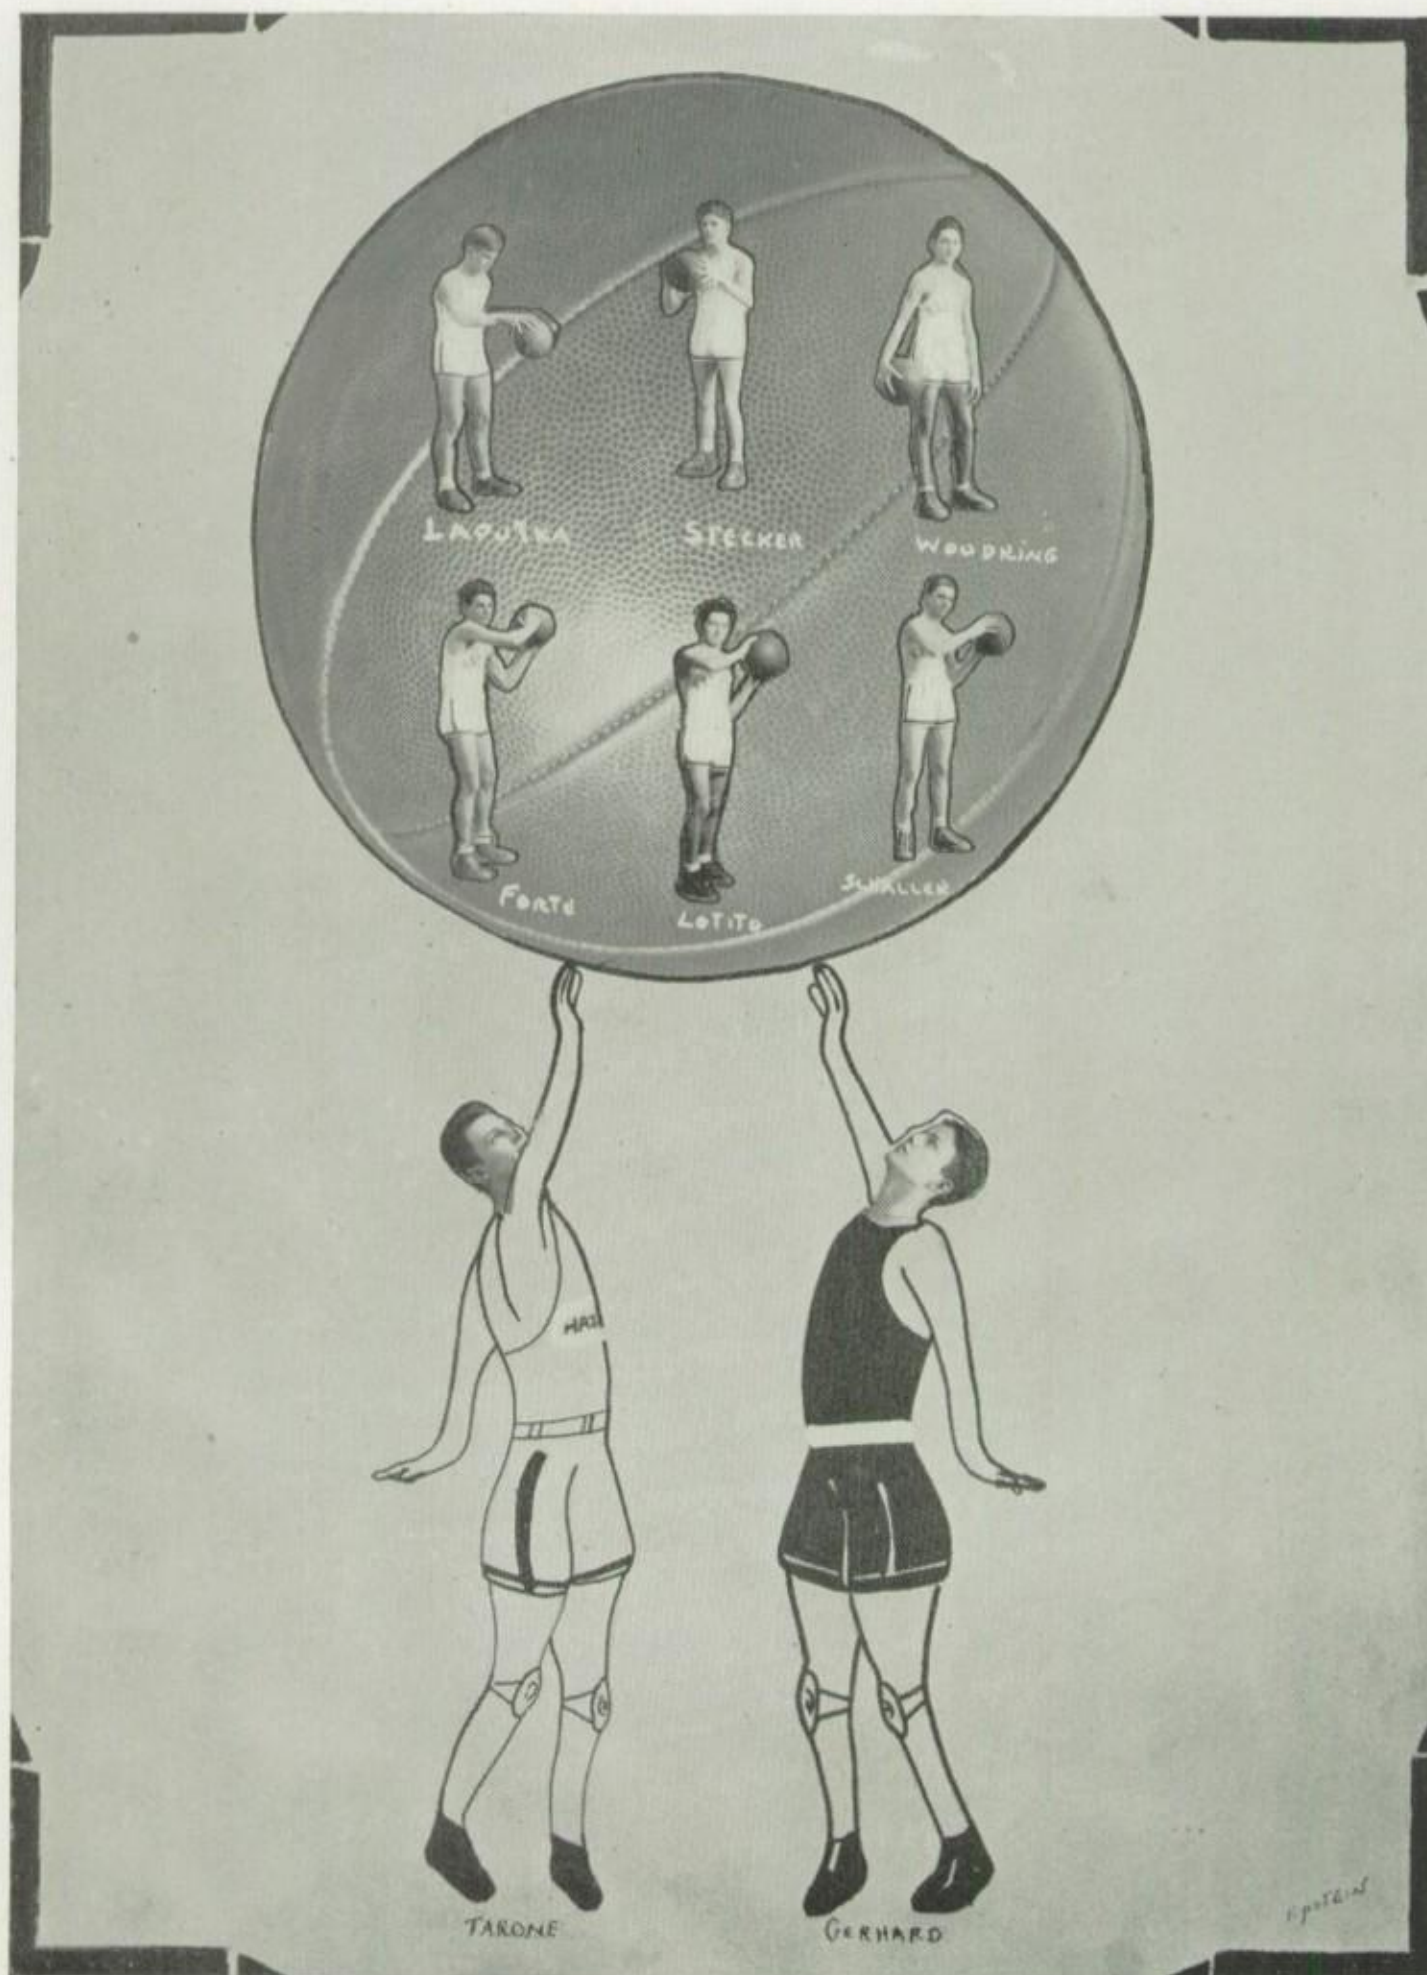

Then came Easton. The Red Rovers decided to give the gang a battle—and maybe they didn't. They worked hard from the start but Hazleton persevered. 43-22 was the score. Gadwell starred for Easton and played one swell game.

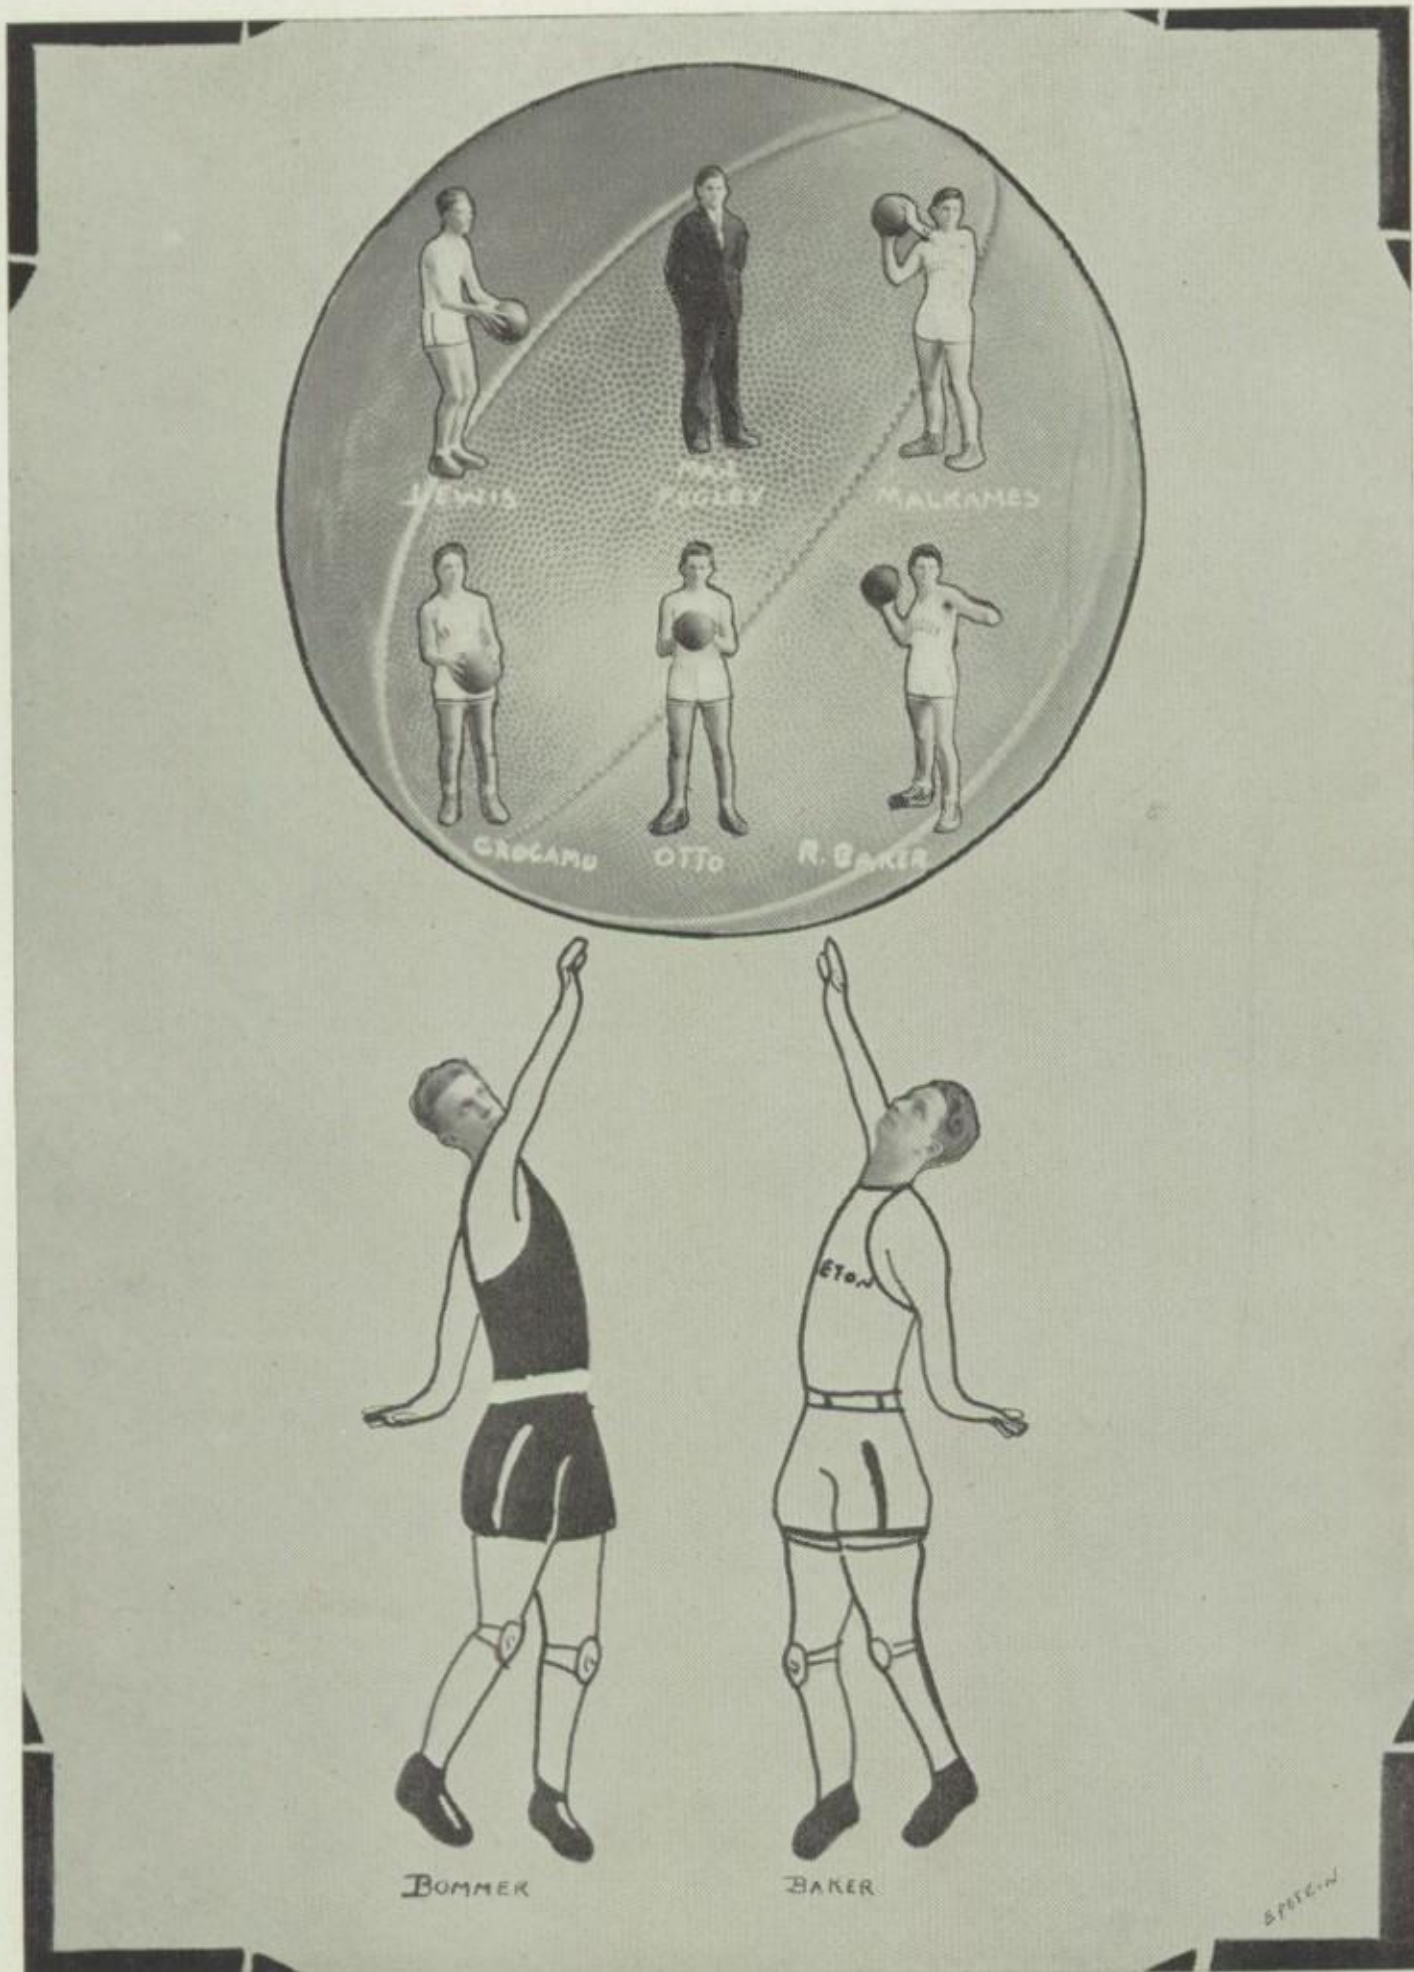

Pottsville and Howells again! Captain Gerhard, playing his last game for the Blue and White, was injured but that didn't stop him from starring. Pottsville gave us an awful scare but, as of old, we won out and closed the "trip season" with a bang.

When the season started Hazleton was rated as a fourth place team. But when the team got going a few of the sports writers woke up and gave them a chance. And until the game was lost at Allentown, it was nip and tuck between the two teams.

Nothing could have been done, though, without the "wise head" which guided Hazleton High. And it's certainly to the credit of that one man that the team showed up as well as it did.

Hughie, '31 wishes you the best o' luck in the years to come.

Building a SCHOOL ANNUAL

THE building of a successful school annual entails many details and in order to publish a year book that will reflect credit on the staff and school, it is necessary that a carefully thought out plan of procedure and financing is carried out.

Our experience, covering ten years, and our study of this particularly specialized field of printing enables us to offer an unusual individual service. This we give to you as part of our printing contract. We can produce for you a class book that will stay within your budget.

The fact that we have published, year after year many of the books we do, is evidence of our workmanship, service and fair and honest business relations and also of the co-operation we give the members of the staff.

We can offer a planning service on any of your school printing or any other printing that makes the difference between just ordinary printing and printing that stands out and that brings results.

Let us consult with you.
